## THE END APPROACHETH:

Hurrah, at last I am going to fulfill a long cherished wish! At next Friday's Gryphon Banquet our notorious Gryphon seniors (aided and abetted in their perfidious crime by Howard Troy) will dramatize some humorous skits. Oh, what a purge of my deep seated animosities just to sit there and laugh. I'll come out a new man. You should come at about 5:30 to the usual place in the U.C. (the Multi-Purpose Room). As for me, I'll snatch up my bag of rotten eggs and get there as soon after my 4 o'clock class as possible, because for my purposes, I absolutely must have a seat that puts the speakers table in enfilade. After Dr. Smiley has given a short talk, the new officers have been installed, and the Gryphon Song has been sung (bring your copies), the Gryphon senior players will begin firing away with their darts of jest. Our many guests, too numerous to mention, will kindly refrain from stampeding through the field of fire. No charge for anyone; just bring your thick hide and we'll all have a wonderful time.

D. Mulherin

## ENDSVILLE:

In a modern art motif and a cool jazz mood. Saturday nite's dig will move out from Squaresville right following the Pops concert. Free thought, free booze, and what else are on the ticket for the final bang of the year. If life's a drag, come move out at this swingin' affair. Our art's the best--straight from within---and the cool sounds of Jamal, Ellington, et al are the most.

Provided for those of a more restrictive nature--the syrupy sounds of the Melachrino strings, Ray Anthony and company to assuage the sensibilities. Mr. and Mrs. J. Toth are furnishing us their welcomed company.

Live, live, live!--or you'll starve to death---Man, this dig's the end! Move out, swing, drink of life!----Sat. nite at the pad (richards).

R. Stebbins

## ELECTION NIGHT:

Don't forget, the future of the Gryphon Society depends, to a large extent, on its officers. This means that Tuesday night's meeting will be a very important one, so let's make sure that we are all there!

## ACCOLADES (again):

For those who didn't read the last issue of the "B&W", we are pleased to note that Pete Wimmer was the recipient of a summer fellowship from the National Science Foundation to "work with Dr. Basil Parker, head of the biology department on an acidity reduction problem for Pocono mountain streams." Good show, Pete, and good luck in your enterprize.

## PLEASE:

During HP some Gryphon or his date picked up two "banners" on the lounge wall. Since they came from England and are now no longer being made, they cannot be replaced. Would whoever obtained them be good enough to return them to Box 791. I will be happy to supply the young lady with a less unique English souvenir of her visit to Gryphon Paris.

G.N.D.E.

## A SUGGESTION:

Would counsellors aid the Residence Halls program by bringing to the notice of their freshmen that they are encouraged to make arrangements to visit any section in the upper-class Residence Halls.

G.N.D.E.

## SA-WISH:

After getting coordinated with the P.E. Dept., we started off the baseball season in the M-M, Leonard Hall, Gryphon League. Our initial winning streak seemed to peter out after the second game; although the spirit was there, the breaks weren't. As a result we

finished the season with 2 wins, 4 losses, and 1 rained out.

Our problem was one of coordination of efforts. (We never had quite the same team.) Unlike the other living groups we had little chance to practice.

Although we didn't win too many games I believe those that participated enjoyed themselves. The real purpose for participating in the intramural program was two fold; it wasn't to restrict the participation to only a few so that we could develop a well knit team, but to give every Gryphon a chance to take part; the second and probably most important reason was to show that the Gryphons could function in pursuits other than academic ones, and to bring the Society closer to the student body. Although the overall participation was rather weak, I truly believe our good sportsmanship in those games in which we took part has increased the general acceptance of our Society.

W. Bradbury

### FUZZY'S FORUM

#### GROUP COUNSELLORS:

Please prepare a short written summary of your opinions, and findings on group counseling, e.g. along the lines of our last meeting. I will need these for discussions regarding the future of this enterprise. Get them to me by the middle of next week, Wednesday, May 20. I will try to get a meeting set up for us with Messrs. Edmiston, Mancuso and Millon by then. If we have it, it will be from 4-5 P.M. on an afternoon towards the last of this week or early next week.

#### NOMINATING COMMITTEE:

There will be a short meeting on Tuesday, May 12 at 9:45 P.M. before Gryphon meeting. Have your "remarks" prepared.

#### COUNSELOR TRAINING:

The next training session will be at 7:30 P.M., Wednesday, May 13. The counselors and freshman will meet in groups as indicated below. Meet in the Richards Counselors' Lounge and then split up. You may use the other counselors' lounges and my room if necessary. Counselors be sure to check with me about your presentations before Wednesday.

<u>Group</u>	<u>Counselors</u>	<u>Future Gold Guardians</u>
1	Bradbury Fowler	Rice, Moyer, Engler Borner
2	Bierley Eyer	Jarvis, Rothenberger, Hoffman Adams
3	Blanchard Thomson	Nichols, Ernst, Phelps, Robinson
4	Hackworth Mulherin	Peters, Pritchard, Brunt, Bradley

J. Fozard

#### ANNOUNCEMENTS:

One more reminder of Tuesday' (12 May) All-Gryphon Meeting, 10 P.M., 4th Floor, U.C.
